

DUAL 7" or 10" LCD Handheld TVs

Watch two cameras at once!
The TV / monitor displays are as bright as any available today.

Easily visible in full sun with good color. We protect the LCD with a custom scratch and glare-resistant film. One lithium NP-7S battery lasts 3 hours for 2 monitors. The wide viewing angle enables three people to watch. The last channel selected before power down is remembered on next power up. NTSC 125 Ch: VHF, UHF, CATV, ATSC Digital broadcast tuner, including remote and

built-in mini speaker. There is a removable 5/8" spud for stand mounting on the bottom. Inputs: 1 video & 1 audio each, BNC connector for antenna on top. Outputs: headphones only! No video out.
